Title of dissertation: *The Organisation of the Self-system*

Date: January 1992

Present position: Assistant Professor, Developmental Psychology, U. of Utrecht

Hans Stauder

Title of dissertation: *Event-related Brain Potentials and Cognitive Development During Childhood*

Date: May 1992

Present position: Associate Professor, Neurocognitive Development, U. of Maastricht

Conor Dolan

Title of dissertation: *Biometric Decomposition of Phenotypic Means in Human Samples*

Date: October 1992

Present position: Associate Professor, Psychological Methodology, U. of Amsterdam

### **1993**

Edith Weber

Title of dissertation: *The Child's Heart Beat*

Date: February 1993

Present position: Unknown

Han van der Maas

Title of dissertation: *Catastrophe Analysis of Stagewise Cognitive Development*

Date: September 1993

Present position: Professor, Developmental Psychology, U. of Amsterdam

Richard Ridderinkhof

Title of dissertation: *Interference from Irrelevant Information*

Date: October 1993

Present position: Associate professor Developmental Psychology and Psychonomics, U. of Amsterdam. Professor of Neurocognitive Aging, U. of Leiden

#### **1994**

Anne Marie Meijer

Title of dissertation: *Gezinsinvloeden bij Astma*

Date: January 1994

Present position: Assistant professor, Pedagogy & Education, U. of Amsterdam

Linda Vodegel Matzen

Title of dissertation: *Performance on Raven's Progressive Matrices*

Date: May 1994

Present position: Researcher Philips Corporate Design

Ciska Rensen

Title of dissertation: *De Organisatie van Sensomotorische Ontwikkelingsprocessen*

Date: September 1994

Present position: Unknown

#### **1995**

Hilde Huizenga

Title of dissertation: *The Statistical Approach to Electromagnetic Source Localization in the Brain*

Date: November 1995

Present position: Associate Professor, Developmental Psychology, U. of Amsterdam

#### **1996**

Nanke Stemerding

Title of dissertation: *Early and Continuously Treated Phenylketonuria*

Date: November 1996

Present position: Unknown

Toos van Beijsterveldt

Title of dissertation: *The Genetics of Electrophysiological Indices of Brain Activity*

Date: April 1996

Present position: Assistant Professor, Biological Psychology, Vrije Universiteit, Amsterdam

Maartje Raijmakers

Title of dissertation: *Epigenesis in Neural Network Models of Cognitive Development*

Date: December 1996

Present position: KNAW-fellow, Developmental Psychology, U. of Amsterdam

Ilse Hakvoort

Title of dissertation: *Conceptualization of Peace and War from Childhood through Adolescence*

Date: November 1996

Title of dissertation: *Stochastic Catastrophe Theory*

Date: April 1997

Present position: Actuary, Pension Insurance Company, Pensioen Perspectief Harmsen, Vorden

Guido Band

Title of dissertation: *Preparation, Adjustment, and Inhibition of Responses*

Date: June 1997

Present position: KNAW-fellow, Cognitive Psychology, U. of Leiden

### **2001**

Brenda Jansen

Title of dissertation: *Development of Reasoning on the Balance-Scale Task*

Date: April 2001

Present position: Assistant Professor, Developmental Psychology, U. of Amsterdam

Albert Ponsioen

Title of dissertation: *Cognitieve Vaardigheden van Licht Verstandelijk Gehandicapte Kinderen en Jongeren*

Date: September 2001

Present position: Staff member National Research Center in Mild Mental Retardation (LKC-LVG), Groot Emaus, Ermelo

### **2002**

Mark Span

Title of dissertation: *Age related changes in executive control*

Date: May 2002

Present position: Researcher, Medical Technical Assessment, U. of Groningen

Ingmar Visser

Title of dissertation: *Rules and Associations. Hidden Markov Models and Neural Networks in the Psychology of Learning*

Date: May 2002

Present position: NWO Veni-fellow, Developmental Psychology, Artificial Intelligence, U. of Amsterdam

Wery van den Wildenberg

Title of dissertation: *Perspectives on Stopping Behavior. Process analyses of stop-signal inhibition*

Date: April 2003

Present position: Assistant Professor, Developmental Psychology, U. of Amsterdam.

Eveline Crone

Title of dissertation: *Performance Monitoring and Decision-making: Psychophysiological and Developmental analyses*

Date: December 2003

Present position: Assistant Professor, Developmental Psychology, U. of Leiden

## **2004**

Lourens Waldorp

Title of dissertation: *Statistical Model Identification in Electromagnetic Source Analysis*

Date: April 2004

Present position: Assistant Professor, Psychological Methodology, U. of Amsterdam

Raoul Grasman

Title of dissertation: *Sensor Array Signal Processing and the Neuro-electromagnetic Inverse Problem in Functional Connectivity Analysis of the Brain*

Date: September 2004

Present position: Assistant Professor, Developmental Psychology, U. of Amsterdam

## **2005**

Jurgen Tijms

Title of dissertation: *Psycholinguistic Treatment of Dyslexia: Evaluation of the Lexy-treatment*

Date: February 2005

Present position: Director of Research, Instituut voor Woordblindheid en andere Leesproblemen, Amsterdam
